Who is Emdee?

Emdee Home is a women owned and run company that was founded in 1994. It is led by a dynamic mother daughter duo Manju Vaswani and Jenny Vaswani.

From day one, Emdee set high standards for both their products and customer service. They focus on offering only those items they genuinely love and would choose for their own homes.

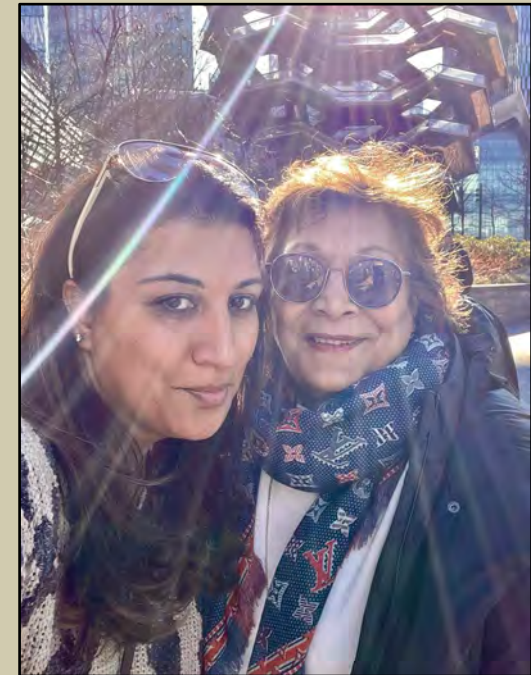

Building strong relationships with customers is just as important to them, and they strive to create a perfect synergy between their products, themselves, and their clients.

Emdee works hard to meet the needs of retailers and designers who share the same values, offering custom products, lower minimums, and quick shipping as part of their commitment to service. Under their leadership, Emdee has become a prominent source for luxury home textiles in the U.S. market. The company sources its products globally, including from India, China, Belgium, Italy, and the United States.

Specializing in luxury home textiles, Emdee's largest category is window treatments. They were pioneers in introducing 10-foot ready-made drapery panels from Italy to the U.S. market. In addition to window treatments, Emdee offers decorative pillows, table runners, bedding, and fabrics by the yard.

The convenience they offer to designers is unparalleled, as they eliminate the need to source fabric and find a separate workroom. Emdee also distributes drapery hardware from Angbejar and Forest Drapery, both Georgia-based companies, allowing designers to conveniently purchase both Their window treatments and drapery hardware in one place.

While Emdee keeps up with industry trends, their consistent focus on quality ensures their designs remain elegant and timeless.

Ready-Made Panel: Camden-Blush

Ready-Made Draperies

Emdee was the first company to bring 10 foot ready-made panels to the US Market. By stocking our ready-mades in only one length (118"), we are able to stock more patterns.

Our ready-made panels are all made with the same details as our custom panels such as pattern matching and weighted corners. The majority of the ready-made panels come lined with a 3" rod pocket and back tabs.

For an additional charge, you can customize a ready-made to your specifications, ie. hemming, joining panels together or upgrading the existing lining or top treatment.

The only limitations on our ready-mades is the maximum height of 118" and that they are not offered in cut yardage..

Delivery time on the panels is 2-3 days if you are ordering them as is.

If you are customizing the panel in any way, the delivery time is 2-3 weeks.

Custom Panel: Mariah-Onyx

Custom Draperies

All the panels in our custom collection are made to your specifications and there is no limitation on height or width. Because we stock the fabric, we can also offer cut yardage, coordinating pillows, bedding or roman shades.

All of the custom panels are priced with a standard white lining and your choice of top treatment. However, we can upgrade your lining to blackout or interlining for an additional charge.

Our custom panels are made with a 4" double top and bottom hem and a 1.5" side hem. Each panel has weighted bottom corners.

The vertical repeat is taken into consideration when pricing the custom panels. This ensures that the panels are pattern matched.

We can do stationary panels or fully functional panels that open and close to cover your rod and give your privacy. We have created an online custom window treatment quote form, see the link below.

Delivery time on custom panels is approximately 4-6 weeks.

Custom Sheer: Blake-Rose Gold

Custom Sheers

All of our custom sheers are made to your specifications and there is no limitation on height. Because we stock the fabric, we can also offer cut yardage, coordinating pillows, bedding or roman shades.

All of the custom sheers are priced unlined with your choice of top treatment. However, we can add a lining to your sheer for more privacy.

Drapery Hardware

We are proud distributors of two distinguished drapery hardware brands, Angbejar and Forest Drapery.

Through these brands, we offer a diverse selection of drapery hardware, ranging from traditional wood rods to sleek metal rods for a contemporary touch.

The metal rods are available in various finishes to complement any décor.

Our collection also includes decorative traversing rods and ceiling track systems. Both brands feature a stunning outdoor metal collection.

We're excited to introduce new offerings from Forest Drapery. Bypass rings, as well as a double French return bracket, both from the Lisbon collection. Additionally, the new Faro Collection square rod and rings bring a modern and stylish touch to any space.

To make the design process seamless, we strive to be a one-stop destination where customers can purchase both their drapery panels and hardware in one place.

Bijoux Collection

The Bijoux Collection offers a unique selection of elegant drapery tiebacks and tassels—our version of "Drapery Jewelry."

The word "Bijoux" means "jewelry" in French, reflecting the sophisticated and stylish nature of these accessories, which add personality and charm to any space.

Each tieback comes with a coordinating C Hook for easy attachment to your wall.

Decorative Pillows

We offer a wide selection of ready-made and custom pillows to suit any style. Our ready-made pillows are in stock and available for immediate shipping. For a more personalized touch, our custom pillows are meticulously crafted to order by our workroom in Atlanta. Thoughtful details—such as an exposed metal zipper with a matching Emdee Logo Zipper Charm—set these pillows apart, adding a unique and sophisticated touch. Custom orders are ready within 3–4 weeks.

Bespoke Rugs

All of our rugs are designed in Atlanta, Georgia, in collaboration with a talented rug designer and artist with over 20 years of experience in the interior design and rug industry. Her creative process is intuitive and expressive, often beginning with paintings and collages.

We believe in timeless rug designs that maintain integrity while enhancing contemporary architectural styles. We carefully select high-quality yarns for both color and texture, ensuring our rugs are not only visually stunning but also durable and long-lasting.

To make each rug uniquely yours, we offer numerous customization options, including design, color, yarn, construction, size, and shape.

Our rugs are ethically sourced with a deep respect for sustainability and the artisans who craft them.

We support the preservation of hand craftsmanship while integrating it with modern technology.

Every design is available in our curated color palette, but we also offer custom colors, sizes, and shapes to suit your project's needs. Additionally, we can collaborate with you to create a custom rug inspired by one of our beautiful drapery fabrics—the possibilities are endless!

We look forward to working with you to design a stunning custom rug for your next project.
