# Crafting Your Masterpiece

## QUESTIONS TO CONSIDER

- 1. WHAT STYLE DO YOU WANT?** This is the first step in your design journey. Your chosen style will determine the shape of the pan. Are you envisioning something minimalist and contemporary, or perhaps something more ornate and traditional? Your vision can be brought to life in wide range of fixture types, including a simple single pendant, an elegant multi-light cascade, a dynamic free-form spider configuration, or a versatile swag that adapts to your space.  
**THE CHOICE IS YOURS.**
- 2. WHAT GLASS TYPE?** Your choice of glass type will influence whether you need a holder. Mix and match multiple glass types and designs to create a fixture that's truly one-of-a-kind.
- 3. HOW MANY LIGHTS?** Next, decide how many lights you want your fixture to have. This will help determine the size of the pan. Whether it's a single, statement piece or a multi-light arrangement, we've got you covered.
- 4. WHAT COLOR CORD & LENGTH FOR EACH LIGHT?** Customize the cord color and length for each light. Go for a cohesive look with matching cords or mix it up with different colors to add a playful touch. The length can be adjusted to create varying heights, adding depth and dimension to your design.
- 5. WHAT FINISH DO YOU WANT?** Finally, choose your finish. Do you prefer a polished chrome, a champagne bronze, or perhaps a combination of finishes for a unique, eclectic look? Mix and match to create a fixture that's as unique as you are.
- 6. WHAT ACCESSORIES DO YOU NEED?** Choose from 3 socket designs in matching finishes. Swag hooks can be used to create dramatic designs like the popular drape or spider.
